

## ML315001 & ML310385 Ice Cream Cone Gripper

### ML315001 Quick Connect Gripper

#### Major Benefits

- Drop-in replacement to an existing gripper device
- 0° Closed / 20° Open
- Food grade lubrication
- Heavy duty stainless steel tooling included
- Delrin cap remains mounted in place and remains in place for heavy washdown
- Push in and turn to disconnect body from cap. The motion is similar to a child-proof cap design. This allows for easy disassembly and cleaning.

### ML310385 2-Jaw Gripper

#### Major Benefits

- Drop-in replacement to an existing gripper device
- 0° Closed / 16° Open
- Food grade lubrication
- Stainless steel tooling included
- Integrated push to connect fittings
- Wafer ice cream cone gripper
